Playing Cards: Who are the Players?

In this project you'll be designing three face cards: King, Queen, & Jack. It's more than just making illustrations—you must be able to clearly state the relationship between the three card personalities you choose—the power structure, hierarchy, or bonds that exist among the characters you depict.

Requirements:

- Create three separate face cards in a matching style.
- Style can be pictorial or patterned—or both.
- Include the K, Q, and J letters on the card.
- Card characters can be reflected (up & down).
- Each card should be a different suit.
- Cards can be any shape.
- Add a decorative border, and rounded corners.
- Place all three illustrations in one file, for presentation.
